

I have xm radio and I think its the best thing to ever hit the air waves. It give the listner something that local radio doesn't . I gives you excellent reception no matter where you are in the country. You can't get that with local radio stations. If the local radio personalities don't like it tell them to learn to adapt to change and try to improve their shows.

Sincerely,

J Thacker. Xm Listner for 2 yrs straight and still enjoying it.
